LEGS & CASTERS

PLASTIC LEGS & BELL GLIDES

Furniture & Appliance Legs — Plastic

These *plastic legs* are made of black nylon (500 lb load rating per leg)

The IL658 series has a 5/16-18 threaded insert in the bottom of the leg to accept a threaded leveler (ex. IL32-5BX15 or IL8-5B) or a caster with a 5/16-18 stem (ex. IL700-xxx). Reduce the load rating of the leg to the rating on the leveler or caster (if choosing one with less than 500 lb rating) when using this feature.

The hole pattern on the 2-1/2" square top plate is 2" from center of the holes. The recommended screw size is #8 (ex. 8-32 or #8 wood screw) or #10 (ex. 10-24). The hole size is 3/8".

PLASTIC — FURNITURE AND APPLIANCE LEGS

P/N	LEG HT.	THREAD/ PLATE SZ.	WEIGHT (LB)
IL656X4-61-BLK	4	3/8-16 X 1	.20
IL656X450-61-BLK	4-1/2	3/8-16 X 1	.25
IL656X5-61-BLK	5	3/8-16 X 1	.30
IL656X575X61-BLK	5-3/4	3/8-16 X 1	.35
IL656X650X61-BLK	6-1/2	3/8-16 X 1	.40
IL656X725X61-BLK	7-1/4	3/8-16 X 1	.45

PLASTIC — ADJUSTABLE LEGS

P/N	LEG HT.	THREAD/ PLATE SZ.	WEIGHT (LB)
IL658X325-BLK	3-1/4	2-3/8 SQ	.35
IL658X4-BLK	4	2-3/8 SQ	.40
IL658X5-BLK	5	2-3/8 SQ	.45
IL658X6-BLK	6	2-3/8 SQ	.50

These legs accept a 5/16-18 leveler or caster.

Plastic Bell Glides

IEC's *bell glides* are made to replace caster wheels on rolling chairs, tables, displays, etc.

The steel stem has a grip ring, and the bell glides have a black nylon base. The IL9-CAST has a white nylon base with a nickel plated shell.
